I'M INTERESTED

The Virtual Experience by Vineyard 29 is a truly unique offering where you can enjoy a full tour of the winery & caves while tasting through 4 current release wines from home. Winemaker, Keith Emerson takes you from the crush pad, through the fermentation room and into the caves. He talks in depth about winemaking technology and standards, as well as gravity flow processing. The wine tasting takes place on the terrace overlooking the Vineyard 29 vineyards as you're walked through a thorough tasting of each wine. Each experience comes with private access to videos, interactive tasting notes and technical sheets as well as a 30-minute zoom chat with Keith Emerson, Chuck McMinn or a wine tasting pro.

CORAVIN®

CureDuchenne is proud to offer the award winning Coravin Wine Preservation System at a discounted rate. Coravin enables wine lovers to pour any wine, in any amount, without removing the cork. Request an order form with your tasting reservation to secure yours.
